Sranan Tongo

A comparison of multilingual language practices in **West Africa, The Netherlands and the Caribbean**: Different regions, different settings, different times, different language contact outcomes, *but* same languages in contact: **English, Dutch, Gbe, Akan**

The Distinguished Women Scientists

Fund award will be used for

- presentation of research findings at the 7th Linguistics Association of Ghana conference, Aug. 2014
- strengthen collaboration with Linguistics departments at the University of Ghana, Legon and the University of Lomé, Togo
- explore joint grant funding possibilities for future collaborative work
- data collection: remaining tasks of the MPI on Emotion elicitation battery in multiple languages in Ghana & Togo
